Yveltal, Zygarde, and Xerneas By Julian

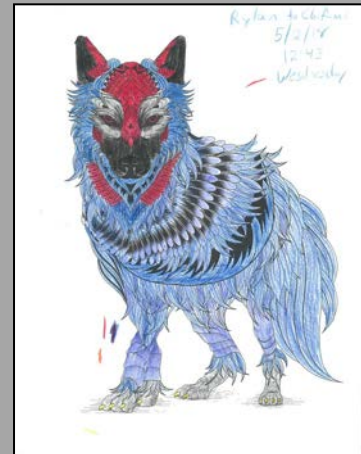

The legendary Pokemon of the Kalos region are Zygarde, Xerneas, and Yveltal. Zygarde protects the Kalos region from evil and destruction, Zygarde has different forms depending on cells in the area, there are 10%, 50%, and 100%. Now Xerneas, it heals people and Pokemon from the destruction of Yveltal, Xerneas turns into a tree to heal the land. Last Yveltal, the destruction Pokemon, Yveltal is a force to reckon with, Yveltal can shoot destruction beams to destroy land and also turn people and Pokemon to stone...Xerneas heals all the people and Pokemon from being turned to stone, then Yveltal turns into a cocoon for a deep sleep. That's it for now - soon more Pokemon facts in other newspapers, so see ya next time ;)
