SERENDIPITY CENTER COVID-19 CLOSURE INFORMATION

All schools in Oregon, including Serendipity, will be closed through April 28th, 2020. Within the coming days, your child's case manager will be reaching out to find out what supports and services we can either provide you with or connect you to during this extended school break. We want to do our best to meet every family’s need while following Governor Brown’s Executive Order to close schools.

Each of your referring districts has the list of participating schools on their website where you can pick up both breakfast and lunch during the extended school break.

Oregon Department of Education is telling school districts not to move to online instruction because not everyone has equal access to technology and the internet. Please see this link for more details under “Navigating Impacts on Instruction”. While providing online instruction is not required because there is no way to ensure that ALL families have access, it is an option for those families that choose to participate. In the future, we will be posting more information for school activities that can be done in the safety of your home.

If you think you might be exhibiting symptoms or need more info about the virus, please call 211 or your primary health provider.

Here is a link to a social story explaining the emergency school closure to your child:

Serendipity staff are here to support our students and families through this challenging time.

Megan Pine
Principal, Serendipity Center
