Students "Wheelie" Like Gifts During Serendipity Holiday Giving

Resolute Motorcycle Club joined in helping deliver donated gifts to all of the classrooms. Students enjoyed getting to open the gifts and see all the new games, snacks, and supplies that were provided for their rooms from many different donors!

What I Like About Serendipity by Taija

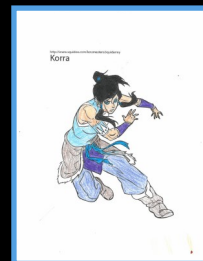

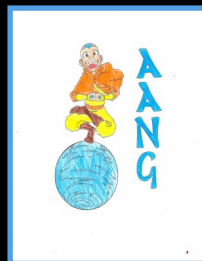

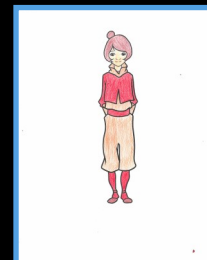

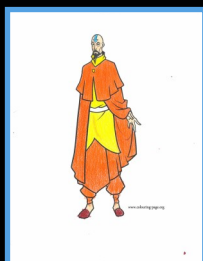

What I really like about Serendipity Center is that they always care. The staff are always very kind to me. One person that I look up to is Je! He always has great advice when I'm having a problem. The school always sets me up for success and supports me. I like having the option to utilize resources, like the intervention center, to help me take a quick break. At Serendipity, the staff don't hold problems against you and are understanding. I love being able to have access to new clothing and shoes. I love being able to have such supportive relationships with so many different staff members. I know the staff want to support me and allow me to lean on them. This is a judgement free environment.

Congratulations Milo on Winning the Hot Sauce Label Contest!!!

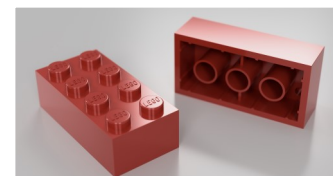

Many students contributed to the label contest, and were put to a staff vote, and Milo's label won!

Did you know? Two eight-pipped Lego bricks can be combined 24 different ways. The number goes up exponentially with the addition of other bricks; only six of the same bricks can be combined in over 900 million unique ways.

FUN FACT: January 28th is National Lego Day!

All of the hot sauce label submissions got their very own bottle, with their own label, to take home!
