

Donation Items Wish List

Most of our time and resources are spent on the critical work we do with our children struggling to overcome their challenges. The community can be of great assistance in helping us provide our classrooms with some of the essential items we need to enrich the experiences of our students. The following items are needed and your donation to any of these would be a great gift to our staff and children.

For further assistance or information, please contact Vanessa Reyes at vanessar@serendipitycenter.org.
